

## AGREEMENT TO SUPPORT AN OPEN PROJECT

For Faculty:

I, \_\_\_\_\_, agree to work with my student  
\_\_\_\_\_ on the creation of  
\_\_\_\_\_, an open project in [partial] completion of  
the requirements of \_\_\_\_\_ [class/course name].

I commit to supporting \_\_\_\_\_ throughout this project, and ensuring they have the knowledge and resources they need to be an informed contributor. This includes ensuring they have read the [Guide to Creative Commons Licenses](#) and understand that a CC-BY license allows others to share, use and adapt their work so long as the user attributes the original author.

I agree that the student may request that their name and/or work be removed from the original project or change the license on their contributions to this work at any stage prior to publication of the work.

I confirm that the student's decision to change the license they place on their work or to not participate in the project will not impact on their course assessment.
